

Mary Rowlandson Elementary School

MISSION

Imagine a school...
In which all children achieve at high levels, regardless of their backgrounds...

That treats all children as gifted, and builds on their talents through enrichment strategies, independent research, problem solving, science, writing, music and art.

In which all members of the school community collaborate to achieve that vision by making major decisions about curriculum, instructional strategies, and school organization...

Where ideas count...

This is the
Mary Rowlandson
Elementary School!

VISION

The Mary Rowlandson Elementary school community is a place of excellence; where children and staff engage in meaningful lifelong learning within a caring and respectful environment

- Flexibility
- Encouragement

GOALS

To foster effective collaboration through identification of common goals, team work, and communication.

To provide varied learning opportunities that incorporate active project-based learning and enrichment experiences, which involve both the home and the community.

To foster critical thinking skills and enable students to solve problems through divergent and creative thinking.

To develop effective verbal and written communication skills.

To investigate and implement ways to apply technology to achieve academic and operational excellence with the hardware and skills necessary to be productive members of the 21st century global community.
